Personal Statement

Dear Family

My name is Sally I am 28 and have been working with children for the past 10 years. I have a wealth of experience and knowledge to give you piece of mind while your children are in my care. I have an up to date CRB enhanced disclosure and my paediatric first aid certificate is valid until June 2012.

I take the upmost pride in my work and get real reward from seeing children progression whilst in my care. I enjoy working with babies through to teenagers. I love messy play but also being out about in the fresh air and going to baby and toddler groups to enhance the children's social skills. I also think it's important for children to find out about their surroundings by going on nature walks and discovering the outdoors.

I look forward to meeting you and your family.

Quote from one reference:

With regards to our former nanny Sally, Sally joined us in September 2005 and left us September 2006. She looked after our three children who were 4, 18months & pregnant with third. She was an absolutely fantastic nanny and we were devastated when she left us. The children adored her and they were thoroughly entertained and nurtured at all times. We would not hesitate to re-employ her. She was punctual and trustworthy at all times.
